REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

Any comments considered necessary by applicant must be submitted no later than the Payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

The prior art references do not anticipate the claimed inventions. In addition, the claims alone or further in view of each other do not suggest or motivate one of ordinary skilled in the art to make the glycopeptides and using the glycopeptides for treating bacterial infections.

Thus, the claimed inventions are patentable over the art of record.

EXAMINER'S AMENDMENT

An examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

Claims 5-8 and 21-30 have been cancelled as drawn to the non-elected claims.

Applicant's arguments have been very persuasive to withdraw the restriction requirement for the reasons submitted by Applicant for the additional groups. In accordance with *In re Ochai*, rejoinder of the process claims with the allowed product claims have been approved in accordance with the guidelines of this Groups policy.

This application is in condition for allowance except for the presence of claims 5-8 and 21-30 for the non-elected claims without traverse. Accordingly, these claims 5-8 and 21-30 have been cancelled with the right for Applicant to submit divisionals to the non-elected inventions.
